KarwanBazar, Dhaka

[Linkedin](#) [Github](#)

Passionate Software Engineer with strong problem-solving skills and expertise in **Data Structures, Algorithms, and Competitive Programming** and ACM ICPC Asia West 2025 participant. Experienced in C, C++, C#, Python, and Kotlin, with hands-on work in Machine Learning and Software Development. Currently working at **Samsung R&D Bangladesh**

EDUCATION

Notre Dame College
HSC in Science

Dhaka
GPA : 5.00 || 2017-2019

Jahangirnagar University
B.Sc. in [Institute of Information Technology](#)

Savar, Dhaka
CGPA: 3.57/4.00||2020 – 2025

SKILLS

- Programming: C/C++, Python, Kotlin, C#, WPF, WCF.
- Core Competencies: Data Structures & Algorithms, Problem solving, Competitive Programming.

PROGRAMMING COMPETITIONS

Individual Competitions & Problem Solving

- [Codechef](#): Became 5* on Codechef (Max rating 2090). ([umitsaha](#)).
- [Codeforces](#): Expert on Codeforces (Max rating 1847). ([umitsaha](#)).
- [Atcoder](#): A max rating of 1458. ([umitsaha](#)).
- [LightOJ](#): more than 320+ problems. ([umitsaha](#)).
- Solved over 3000+ programming problems on different online judges.(stopstalk profile : [umitsaha](#)).
- Finalist of SRBD (Samsung R&D Institute Bangladesh) Coding Contest in 2023 & 2024.
3rd position in 2024th onsite contest

Team Competitions

- ACM ICPC Asia West Participant 2025
- ACM ICPC Competitions:
 - [Asia Dhaka Regional Contest](#): 2021 (Ranked 25th), 2022 (Ranked 25th), 2023 (Ranked 38th) & 2024 (Ranked 21th).
- NCPC hosted by JU 2023:
 - [Onsite Final](#): Ranked 15th out of 200 teams (Team: JU_BinaryMosFet)
 - [Online Preliminary](#): Ranked 14th out of 1300+ teams (Team: JU_BinaryMosFet)
- [KUET IUPC ONSITE 2025](#) : Ranked 18th out of 160 teams (Team: JU_BinaryMosFet)
- [BUET CSE Fest IUPC 2023](#): Ranked 7th out of 100 teams (Team: JU_the0dd1out)
- [BUET CSE Fest IUPC 2024](#): Ranked 16th out of 113 teams (Team: JU_BinaryMosFet)

EXPERIENCE

AI Trainer: Scale AI / RemoTasks

June 2023 – August 2023

Intern at Samsung Research & Development, Bangladesh

February 2025 – May 2025

Software Engineer: Samsung Research & Development, Bangladesh

May 2025 – now

Mentor(Competitive Programming) at Shohoj Coding

December 2025 – now

Also trained **Data Structure & Algorithms** a lot of students in JU-CSE & JU-IIT

PROJECTS & PUBLICATION

- **From Code to Career**: Assessing Competitive Programmers for Industry Placement
(Predicting Industry Placement Using Codeforces Data and Machine Learning, also published this as [a conference paper in IEEE QPAIN](#))
